

BioMathDay2024

5th January 2024, 14h00m

Room: Sousa Pinto, Department of Mathematics, University of Aveiro

Join us to promote collaboration and synergy between research teams in biomathematics! Let's come together to cultivate innovation and advance our understanding of the intersection between biology and mathematics. If you are passionate about this area of study, we invite you to be part of our journey!

Discussion topics / Invited sessions

“Machine Learning in drug discovery and development”

Miguel Fonseca, Senior Data Scientist, BIAL

“Challenges of Big Data in Healthcare Institutions”

João Firmino Machado, MD, Centro Académico Clínico Egas Moniz

“Performance Index in Primary Healthcare: the potential for improving care activities”

José Pedro Antunes, MD, USF Arte

Nova “Optimization of Resources in Hospital Management”

Pedro Damião, MD, Unidade Local de Saúde da Região de Aveiro

The meeting is free of charge, but registration is required. To register please send an email to cjoasilva@ua.pt

The **BioMathDay2024** is organized by the Thematic Line BioMathematics of the Center for Research & Development in Mathematics and Applications of the University of Aveiro financed by Portuguese Foundation for Science and Technology (FCT – Fundação para a Ciência e a Tecnologia), through CIDMA, within projects UIDB/04106/2020 and UIDP/04106/2020.
